	Title	Targeted Molecular Bar Codes and

Sir:

This amendment is responsive to the Final Office Action dated October 26, 2001, for which a three-month period for response was given making this response due on or before January 26, 2002. In view of the amendments to the claims and the remarks put forth below, reconsideration and allowance are respectfully requested.

AMENDMENTS

IN THE CLAIMS

Please amend Claims 1, 3, 8, 10, and 16 as follows.

- A targeted molecular bar code comprising: l, (Twice Amended)
- a molecular bar code that is a block copolymer of a plurality of blocks selected from two (a) or more different blocks, wherein each block comprises at least five monomeric units, and further wherein said molecular bar code is a charged polymer capable of generating a reproducible signal upon passage through a nanopore; and
- a member of a specific binding pair, wherein said specific binding pair member is joined (b) directly or through a linking group to said molecular bar code.
